><p>DarkWing's POV

I wake up in my cave I went outside to relax in the tall grass before I gotta go to learn (pretty much like school) this is my last year

anyway so I laid in the grass for about 10 minutes then I heard some dragons running I got up and looked where the sound is coming from and my eyes widen "DARKWING" NightStar Roared I saw my friends running at my cave I was in front of my cave so they were running right at me they were all about 1 meter away but SilverSky was like half a meter away before I could get out of the way SilverSky bumped into me and we fell over my friends tripped over themselves I don't know how now we were all in a pile of dragons

"Now what was that for" I said looking at right into SilverSky's eyes her face was an inch away from my face

she laid there just looking at me not understanding what just happened

Then when she realized what happened she blushed so hard that you could see it through her black scales she tried to get up but couldn't move at all

so I was lying on my back with everyone on top of me I couldn't move at all for like a minute or two before stupid Blaze and Flame realized what happened and get up

So we all got up except for me I laid there trying to catch my breath

I got up and asked/dmanded again "Alright what was that for" I said looking at all of them one by one when I looked at SilverSky she blushed even harder

when I looked at Blaze and Flame they blocked them selves with there wings because they know I can rip both of there throats out with one claw in a half a second

The females know that too but they don't care because they are females but they didn't like my death glares either

so I looked at them waiting for an answer until one of them spoke up

"We came here to tell you the new dragon that joined to learn" NightStar said

"oh" I said and stopped my death glare and changed my voice back to normal blaze and flame removed there wings also SilverSky stopped blushing, well a little bit

* * *

><p>SilverSky POV

"Guys did you hear there's a new dragon joining" NightStar said

I smiled

"Yay!" SnowFlake said

"Cool!" Blaze said

"Nice" Lightning said

"Awesome!" Flame said

"I know Right!?" NightStar said

"Let's tell DarkWing" Blaze suggested

"Last one to DarkWing's cave is a rotten cod head" Flame said running to get a head start

"Oh no your not going to win" NightStar said

I started laughing and running after them they say this and started laughing

"Weeeee" SnowFlake said laughing

"You're not gonna outrun me IM LIGHTNING FAST!" Lighting said

Lightning and I ran past all of them we both are the fastest ones except DarkWing Lightning was a bit faster she started getting ahead but she slowed down and went back to the group and I stared at her for a second and I went back to winning the race

but suddenly something starts rising from the tall grass it opens its eyes and its

"DARKWING" NightStar Roared

* * *

><p>Lightning's POV

I saw DarkWing in the grass so I backed up not saying Anything to see what would happen to SilverSky

She crashed into him I almost burst out of laughter but I held it in pretending I didn't know anything

the others crashed into me and onto DarkWing and SilverSky

"Now what was that for" DarkWing said

from the sound of he's voice if it was Blaze or Flame crashed into him he would have ripped there lungs out

"I want this happening in the future xD" I laughed inside My mind I didn't show any sign of laughter though

* * *

><p>NightStar's POV

I knew DarkWing likes meeting new dragons so i told him

and it calmed him down

Later at The Training Grounds Still NightStar's POV

"Alright guys lets see this new Dragon" I said

"Yaa" everybody said

"But we dont know if its a NightFury or a SnowFury" DarkWing said

"We got SnowFlake to know" SilverSky said

"I heard his name was like WhiteWing or something like that" I said

"He or She must be a SnowFury" Lightning Said

"I should be able to find him then" SnowFlake said

"Why are we looking for him anyway" Flame said losing he's temper

"Yea! Why" Blaze said then DarkWing gave them a death glare and they both shut up

"WhiteWing?" SilverSky said looking at DarkWing

"What?" DarkWing said then we all looked at him and grinned

"What if hes the Opposite of DarkWing" Blaze said

Then we all burst out of Laughter

"Ye Ye Laugh all you want" DarkWing said

"Oh thanks so your not gonna rip my throat out?" Flame said

"I changed my mind" DarkWing said chasing Flame

"NOOOOOO" Flame Yelled

"BLAZE HELP" Flame Yelled again

"Sorry Bro, Your on your own" Blaze said

Then Flame dropped on the ground from getting beat up by DarkWing

"Is he dead?" SilverSky said poking Flame like a dead fish

"nah he will awake up in a bit" DarkWing said

"lets go before we are late" DarkWing said

We all nodded and followed him

Blaze picked up Flame and brought him along

Later DarkWing's POV

"Alright Dragons please welcome are new dragon fellow" DarkClaw said (pretty much the Teacher)

"Oh so WhiteWing is a NightFury?" Lightning Whispered

"thats an odd name for a NightFury... WhiteWing" I Whispered

DarkClaw removed his wing to reveal a... SnowFury?

"What a SnowFury?" SilverSky Whispered

"He isnt supposed in this class" NightStar Whispered

"DarkClaw isnt this class NightFuries only?" Flame said

"Oh... No" DarkClaw said

We all stare at him for a second confused

"WhiteWing is an Albino NightFury" DarkClaw said

Everyone gasped in shock

Then some NightFuries started to laugh quietly

Then i got mad and told my friends

"Look they are laughing at him" I Whispered to my friends

"So mean" SilverSky said

We all nodded

Later Still DarkWing's POV

We all see croud we dont know what it is so we check it out

"Guys come here" I said

"What are they talking about" Flame said

"Ye" Blaze said

then we heard someone laughing at WhiteWing

"WHITEWING HAHAHAHAHA"

They everybody started laughing

Me and my friends got mad

"Im going to stop this" i said

My friends knew what i was doing and they nodded

"Outa the way" I told to a NightFury

"HEY WATCH WHERE YO..*Gasp*" The Other NightFury got scared

I was strongest around here even though i wasnt one of the oldests

i started pushing all the dragons out of the way untill i got to the

middle where WhiteWing was standing Very Scared

"BACK OFF ALL OF YOU" I roared

All of the dragons got and left

"Hey" I said

"Hi?" WhiteWing asked scared

"I know these guys have been mean to you but i wont" I said trying to calm him down

"Ok" WhiteWing said hoping this conversation had a point

"Come with me ima show you my friends" i said

"Ok" WhiteWing Said Getting up

"Lets go" I said

Later WhiteWing's POV

This NightFury has been really nice to me so I think I can trust him for now I Followed Him to he's Friends

We got there and i saw 3 Female NightFuries also 1 Female SnowFuries and 2 Male NightFuries they look like twins

"Hey guys you know WhiteWing" the NightFury said

"Hey" the Dark Green Eyed Female Said

"Hi" I said

"well we should introduce are selves" The Male NightFury said

"Im DarkWing" The Male NightFury said

"Im NightStar" The Dark Green Eyed Female NightFury said

"Im SilverSky" The Silver Eyed Female NightFury said

"Im Lightning" The Lightning Blue Eyed Female NightFury said

2. The River

Chapter 2 is here

* * *

><p>This chapter is about DarkWing and WhiteWing

There will be no one else sorry

* * *

><p>DarkWing's POV

I sat infront of my cave looking at the sunrise thinking what to do today

we have like a 2 month break from having to go to the training grounds

I sat there about an hour thinking until I saw WhiteWing flying past

I quickly got an idea an flew after him he saw me coming and stopped

He's pretty fast

* * *

><p>WhiteWing POV

I flew around the island I like morning flights and watching the sunrise

so I flew around about an hour watching the sunrise I saw DarkWing flying towards me

i stopped and waited for him to catch up

"Hi" I said

"Hi WhiteWing" He replied

"So you like morning flights too?" I asked

"Ye kinda" He said

"Soo" I was about to say something and he cut me off

"Follow me" He said flying to the River in the forest on the far side of island

"Wait" I said

"Where are we going" I continued

"Somewhere" He replied

"Can I know where that somewhere is" I asked again

"No" He replied

We landed near the River I followed him he looked at me and said

"So" he started making a conversation but he's stomach stared growling telling a different story earning me a chuckle

"Ye I haven't had breakfast either" I said

"Heh" He Replied

"Wanna have a competition?" He asked

"the one to catch more fish in 5 seconds" he said again

"Race Ya" I replied jumping in the water

he 36 fish and I got 37

"I win" I said in victory

"Ye you got a head start" He said

"Ye Ye" I said

"Look a deer" He lied

"Where" I said looking back

without me knowing he threw one of the fish I caught in the water

"Wait you miss counted the fish"

"what" I said looking at me fish I counted them and I had 36 and he had 36 too

I gave him an are you kidding face he and I understood the lie we both ate are fish and he returned to what he was saying

"Back to topic" he started

"Ye"

"You don't like being bullied at all do you?" He asked knowing the answer

I nodded

"That's why I brought you here" He said

my eyes widened as I got confused and scared "What?" I asked I realized DarkWing wouldn't do that he has been a great friend, would he?

"I brought you here to show you my ways of learning" He said

"Wait what, why, why do you want me to be as strong as you" I asked

"Well I can't have my best friend being bullied" he replied

i stood there speechless

"ok show me how fast you can kill this deer" he said pointing at the deer behind the bush

"Oh ok so there was a deer" I said chuckling

"heh, anyway when I say go you try to kill it as fast as you can" he said

"Go"

I jumped and clamped down my jaws on the deer's Neck near its head and slashed its neck with my claws separating it from the body I didn't even know how I did it so fast

"Impressive" DarkWing said apearing next to me and looking at the deer

"Your speed is about the same as blaze" he said

"So you need to improve your strength more then speed" he said

"So I can be even faster then this?" I asked happily

He nodded

"Watch this" He said as he picked up a scent of another deer

I followed him as he hid in the bush

"Go" I said

i didn't even see him jump all I saw is a black blur flying towards the deer and DarkWing apearing next to it with his jaws biting its head the head exploded my eyes widened

"do the others even know he can do that?" i thought

"Wow just to think I would be able to do that after all this training" I said

He nodded

"Wow" I said

He went back to the river and stood infront of me I tilted my head in confusion

"Try to hit me as fast as you can" he said

i pounced at him with my claws forward in an attempt to pin him he ducked and as I got near him he jumped up and grabbed my shoulder and flipped me in midair and pinned me

"How did yo-" I said as he cut me off

"Yup you have a lot to learn" He cut me off

* * *

><p>Two Weeks Later

"Now try to hit me as fast as you can" he said

I smirked and pounced instead of trying to jump at him and pin him i landed next to him he was prepairing to do the same trick again he got confused and i headbutted him in the chest and pushed him back and pounced before he noticed i finally pinned him for once i Stood up in victory and puffed out my chest he saw this and said

"You must never celebrate your victory so quickly because..." He said before doing a trick he never showed me in this 2 Weeks

He streched out his right hand before gripping the dirt by his left, before pulling himself towards it flipping himself even though i pinned him he was still under me i lost my grip because he flipped him self in a full circle but now i didnt have my grip on his shoulders i just had my claws on the dirt he smirked using my confusion as an advantage he grabbed my shoulders and used his back legs to jump up and pin me again just like he did two weeks ago

"The Tables can turn in an instant" He continued

"How do you keep coming up with new tricks?" I said

"I learned this when i was teaching you in the past two weeks" He said still smirking

I tried doing the same trick except when I was pulling myself to spin in a circle he let got of me and pushed himself away with his Hands so i threw myself away he wasnt there to block it so i rolled like 5 meters away my strength increased the past two weeks quickly so i didnt know how to control it

"You know i dont come up with new tricks not knowing how to combat them" he said

* * *

><p>DUN DUN DUN

What do ya think of Chapter 2

I think i like Toothless to much

But i mean can you blame me?

He killed the Red Death, Defeated a screaming death and Blew off a BewilderBeast Tusk with one plasma blast AND survived like a 500 foot fall

TOO STRONK

3. Best Trick

I haven't really showed the characters personalities so here they are

DarkWing (Toothless)

Personality is like SnotLout and Hiccup, SnotLout's part is where he hits he's friends a lot, and Hiccup's part is where he's smart open minded and difficult to beat in a conversation he has a lot of comebacks and teases a lot just like Hiccup

WhiteWing

Just like a twin to DarkWing except a little less SnotLout

Flame and Blaze

they are the twins except smarter I guess

nothing else really

SilverSky

Pretty much like Heather when they first met her in Riders Of Berk

but that will change later

SnowFlake

Very open Minded, Smart, Funny, Adventurous SnowFury Like RuffNut

Lightning

Very competitive like Astrid and brags alot

NightStar

Also very competitive has a lot of comebacks and teases a lot like Astrid

* * *

><p>No POV

"So what do you guys wanna do today?" NightStar asked

"How about we play tag In the forest" Lightning asked

"Nah lets have a competition at the cliffs with who has the best trick" DarkWing

"Sounds good to me" WhiteWing said

"Well lets go" SilverSky said

"Race ya" SnowFlake said chuckling

"Get into? Cuz it's a competition? NeverMind" SnowFlake said with everyone looking at her

Later DarkWing's POV

"So who's going first" I Said

"Me" Blaze said taking off

"No me" Flame said chasing him crashing into him and falling in the ocean

"Are they always like this" WhiteWing

"You have no idea" SilverSky said

"Ye I don't" WhiteWing said

"So that puts two dragons out of the way" I said

"You don't care at all do you?" NightStar said

"No" I said plainly

"I'm next" SnowFlake said

She dove down to the and flew back up shot all of us with a snowball making all are scales white

"do you have to do that every Time?" Lightning said

"Yes" SnowFlake said

"Thats it?" I asked

"I don't really care if I win or not so Ye" SnowFlake said

"My turn" Lightning said

She flew up stopped and turned to us spread her wings then the sky turned dark then she was struck by lightning she landed without a scratch

"Your not a Skrill how can you do that" I said

"Hey I'm not telling anyone my secrets" She said

"Poor fat bastard" Blaze muttered

"Sorry What?" I said

"Nothing" he said

"How are you back so early?.. What about your brother" SnowFlake said

"He's ok" Blaze said pointing at Flame who was coughing up water

"There's water in my lungs do I look like I'm ok!" Flame said

We all said yes

"Well I'm not" He said

"You look ok to me" I said

Flame just Snorted

"Who's next" I said

"Me" NightStar said

She flew straight forward and disappeared behind a sea stack

"Where did she go?" SnowFlake said looking as far as she can

suddenly She flew past us flying up, She did a 360 before stopping and spreading her wings like Lightning, revealing her giant white Star like birth mark on her chest as the sun shines off it blinding us

"Hey I almost forget that you had that star" SnowFlake said

"I did. ouch I think I'm going to be blind" I said holding my eyes

"Nah you look ok to me" Flame said trying to make an impression of me

I narrowed my eyes "Karma is always there to get you back" Lightning said

"Who's Karma?" I asked pretending to not know anything

"She's a new friend of my" SnowFlake said

"Can I see Her?" I asked

"No" Snowflake said with a fake frown

"My turn" I said

I dived down When I reached the ocean I opened my wings letting the air glide me back up, i started spinning when I reached the same hight or a little higher so I'm staring down at them I charged a plasma blast I didn't shoot it but I charged a very light plasma blast blinding my friends they looked back after I charged the plasma blast I was gone

WhiteWing sighed knowing this is one of those simple tricks

I roared scaring everyone and making them turn around to find me rolling around laughing

"It wasn't that funny" NightStar said

"YOU SHOULD HAVE SEEN YOUR FACES" I said laughing my ass off

"You guys looked like you have seen a ghost" WhiteWing said keeping a Straight face

"How can you say that with a straight face" Lightning said

"Not easy" He said cracking a smile

"Laugh little WhiteWing don't be afraid, Smile every time, you,want to laugh" as I finished everyone started laughing including WhiteWing

"Laugh little DarkWing don't be afraid, to laugh at the jokes, you, make" as WhiteWing finished I started laughing too

"Anyway MY TURN" WhiteWing said

He flew up dove back down he spread his wings, started flying towards us did a barrel roll while shooting 3 plasma blasts at us, exploding right before it hit us

"I should have tried a little harder I could have won" I said

"Really?" WhiteWing said

"Ye I don't normally try my best, since i win" I said

"Ya the last time he tried his best it was like when we were 7 years old" Blaze said

"Wow you guys were friends for a long time" WhiteWing said

"Yup" SnowFlake said

* * *

><p>Yay Chapter 3

Not as long as the other 2 but ye

Cya

4. The Vision

This chapter is very short

* * *

><p>DarkWing's POV

I opened my eyes, I was in a mountain?, I looked down at my claws feeling the Stone, wait stone?, so I am in a cave I look around trying to find something, anything all I see is red mist this is a giant cave, suddenly I hear a voice a very deep one

"Night Fury" said the unknown voice

i look around trying to find it I see nothing but red mist suddenly a giant head comes out of the mist with 12 eyes?, what is this thing, my thoughts are interrupted when it speaks again

"Night Fury, welcome to your new home" It says

New Home?, but I liked by old home

"You will work for me and only me" It speaks again

I wanted to roar at it saying "I DONT WORK FOR ANYBODY" but I could I felt like I was being controlled, but how

"You will raid the humans to get me food" It speaked

Lazy much?

"Anything you want to say before you spend the rest of your life in a Hole in the ground?" It said mocking me

"Nothing?, are you afraid" It speaked again in a mocking tone

I will show you who's afraid when I can move again

"Hmm, not so tough anymore, are you?" It said mocking me

Who do you think you are just coming out of no where and mocking me

My thoughts are interrupted again when my surrounding change

Im in the air falling I try to open my wings but I'm trapped I hit the forest and fall on the ground with my tail fin killing me

My surroundings change again but this time I'm free I'm in a cove I smile and spread my wings to fly I flap my wing but I fall back down, I look at my wings and tail fins to see if there's something wrong, I gasp when I see my left tail fin is ripped off, I freak out looking around quickly to find what did it as I am looking around, my surroundings change a lot when I'm looking around going from meeting the monster to falling out of the sky and checking my tail fin, suddenly it stops at the monster with wide eyes to look like it cares about me suddenly it speaks

"DarkWing!" The Monster said

My eyes widen how did that sound like Flame

"Buddy!" The Monster said in a completely different voice

what how does that sound like blaze?

I woke up with wide eyes checking my surroundings I sighed, I'm still in my cave

"You had a nightmare buddy?" Flame said

"Ye I think so" I said

"We heard your tiny roars from our cave" Flame said

"We came here and saw you moving a lot and whimpering" Blaze said thinking

"Must have been a pretty bad nightmare" Blaze said again

I checked my tail fin to see if it's still there

"Your tail fin?" Blaze said

"Ouch" Flame said

With that said I fell back asleep

* * *

><p>Flame's POV

"Do you wanna talk about it?" Blaze said

"Heh, he's already asleep" I said chuckling

"Lets go back to the cave" I continued

"Ye before mom wakes up" Blaze said

"Almost forgot about that" I said

We went back to the cave after that

"Where have you two been?" Mom asked

"We went to DarkWing" Blaze said

"And why is that?" Mom asked

"Poor guy had a nightmare of for his tail fin" I said

"Ouch that's sad" Mom said

"Ye" I said

"Now go back to sleep you two"

Then we back to sleep

* * *

><p>Hey I'm not dead :D

5. Best Day Ever! PART 1

a guy peeks around a corner trying to not get seen

Flame notices him and shouts "Hey there he is!"

"oh no" He mutters when he pins himself to the wall looking at the dragons and humans running at him

"HEY" Blaze shouts at him

"WHERE THE FUCK HAVE YOU BEEN" Vincent shouts (First person to review any of my stories ever)

"Sorry I have been *dodges some plasma blasts and weapons* very busy" he says as he runs for the door

"HEY SOMEONE CUT HIM OFF" NightStar shouts

"I got it" DarkWing says as he jumps for the door and pins him

"I haven't done anything wrong please" he says making excuses

"No not really" MaximumHn says, everybody looks at him like he has grown two heads (Even though he has HAHAHA jk) "Only for the reason that you have ignored your story!" Everybody agrees with him (Check MaximHn stories they are cool Toothless and NightHolly check that one out)

"We need to punish him" Lightning says

"I have an idea" SnowFlake says as everybody looks at her

"Well?" WhiteWing asked waiting

"We force him to make a chapter" SnowFlake says

"Ok I can live with that" he says

"With us watching" SnowFlake quickly continues

"NOOOOOO" he screams

"Where's the fun in that?" Flame asks

**"Ye this is our story we know the whole thing" Blaze **

"So we can watch him CRY while we laugh at his chapter and..." SnowFlake said darkly and lost in her thoughts

"That was actually Dark" DarkWing says

"Wing" WhiteWing continued as he felt a claw on the side of his face with Flame Roaring "HEY I was about to say that" "Ouch" he said rubbing his cheek

"Shut up" DarkWing said

This chapter is pretty much just the males Anoying everyone

On the island "YES one of my favorite things" DarkWing says

"Shut up" SilverSky Quickly silences him

"Whoa I didn't see you there" WhiteWing starts but also silenced by SilverSky's Death Glare

Ok let star... "Uh" he says silenced by SilverSky laughing with DarkWing tickling her

But why?

IDK

Its Toothless

What did you expect

"Toothless?" No response

"DarkWing?" No response

"TICKLE ATTACK" DarkWing Roared

"Stop that! *Giggle* heh Sto-st-*LAUGH EXPLOSION* (R.I.P jk)

We will get back to ya on-HAHAHAHAHA Uhh

* * *

><p>5 Mins later

"Alright I'm good" SilverSky says getting up

Ok now since Too-HEY STOP!

OH COME ON

"HAVE MERCY" SilverSky Screams as she falls on the ground

* * *

><p>10 Hours later

"WHOS NEXT?" DarkWing Roared almost about to burst out of laughter

All the dragon nervously gulped knowing that wasn't fun

Why did you do that Toothless

"I don't want you guys to forget that I'm the alpha dragon here" Toothless says chuckling

but I still don't understand why it had to be a tickle atta- YOU WANNA BE NEXT?

AHH no pls

"Ye that's what I thought now start the chapter" Toothless says

* * *

><p>"WEEEEE!" Blaze said as him and The other males slide down the mudslide<p>

"Wait guys look" DarkWing said pointing down at females at the end of the mountain, hill whatever

"You know what we gotta do" WhiteWing said evilly smirking at DarkWing

"You thinkin what I'm thinkin bro?" DarkWing asked knowing the answer

"I think I'm thinkin what your thinkin" WhiteWing Continued

"I think we are all thinkin the same thinkin thing" Flame said jumping in **"Wow the younger Me was smarter my head hurts" By you know who**

"What?" Everyone said

"Well you better stop thinkin and you better start... Ugh" Blaze said trying to find the right word for it **"Well the younger Me was dumber I know the right word for it" By you know who**

"Anoyying females?" WhiteWing said unsure about it

"Probably" DarkWing said

"CHARGE!" Flame roared as he sped up

"I think that's a good enough indication that we should follow him" DarkWing said

* * *

><p>With the Females

"So what were we going to do again?" NightStar said of course didn't listen to them

"*Sigh* Fine I will say it again" SnowFlake said

"Umm girls we should move" SilverSky said and nobody heard her

"We were going to have a competition" Lightning said happily

"Girls?" SilverSky said wondering if anyone heard her

"WHAT!" Everyone roared of course angry wondering why she said that twice

"Umm we may want to move" SilverSky said pointing at the males coming down the hill with mud all over them

"It's that time for the males again**(*Giggle*)**" Lightning said in defeat **"What's that suppose to mean?" WhiteWing asks**

"Well we counted how much days are in between every time you males decide to anoy everyone we counted a month" Lightning replies

"How did we not notice we are Infront of a mud slide?" NightStar said

"We are dumb?" SnowFlake said as they all nodded

"Well we might as well accept our fate" Lightning said in defeat and did a frown

"I'm outa here" NightStar said getting up before she could

"CHARGE" all the males roared even speeding up more

NightStar sighed and sat back down

"Well we are doomed" SilverSky said

"They" are doomed" NightStar corrected as everyone looked at her suspiciously **"Shits about to get crazy" by none other then DarkWing **

* * *

><p>With the Males

"We should have brought dragon nip with us" WhiteWing said **"That's ... Me (get it? I got it from Tom and Jerry from spike always saying "That's my boy")" From WhiteWing of course**

"Good one.. I mean bad one" DarkWing says

"Nah worst thing that can happen is for NightStar to kill us all. And best thing that can happen is for all of you to be killed and for me to remain unharmed" DarkWing said being a troll **"Well actually best thing that can happen is for me to kill you only so ye" of course from NightStar**

"Why" DarkWing asks

**"Because it's your idea" NightStar replies **

"So you guys did this before?" WhiteWing asked of course being the newcomer

"Heck Ye" Blaze said

"Does this hill have to be so BIG" Flame said of course losing his temper

"Let's speed up we are going at the speed of a Gronkle" DarkWing said jumping in

"CHARGE!" They all roared in sync

They splash all the mud on the females which had the biggest frowns they could ever make

"That has to the a new personal record for the biggest frown" DarkWing said chuckling then laughing followed by all the other males

They were all silenced by a giant stomp on the dirt almost cracking the ground, they opened there eyes and saw NightStar standing infront of them with fire in her eyes **"Not where I would want to be" SnowFlake says "Or do i?" She continues asking herself**

"And that has to be a world record for the scariest face ever" WhiteWing said fearfully almost darkly

"I will get the dragon nip" DarkWing whispered also fearful

Flame faked two coughs

"WhiteWing" Blaze Whispered also fearfully

"Yes?" WhiteWing replied in the same tone of voice

DarkWing cleared his throat, licked his lips and continued "Run" DarkWing said in the full voice (hey you know that song that goes, Run dun dun dun dun dun dun dun dun that's what I played through my head when I was writing this

as soon as he said that WhiteWing turned his head to face NightStar with even brighter fire in her eyes

all of males eyes widen when they noticed NightStar charging a Plasma Blast

"I believe this is when we run" Flame said still fearful

"Yup" DarkWing simply replied

With that NightStar roared, pounced and fired a Plasma Blast at WhiteWing, DarkWing noticed she was charging the Plasma Blast and was quick to react

He pushed WhiteWing out of the way and it barely missed DarkWing's tail

"Run" DarkWing quickly said

they all ran towards the meadow to lose the furious NightStar behind them

"Where's Flame?" Blaze asked

"He's your brother" DarkWing replied

"SAVE YOURSELVES" Flame roared in the distance they all say NightStar charging Behind her was Flame with scratches all over his right wing **"That was fun I remember that" NightStar says looking at Flame who is holding his right wing**

"I will be back" DarkWing said running off to get dragon nip

3 Minutes later

"She will never find me in the tall grass" WhiteWing thought

Just as he thought that NightStar jumped out right infront of him **"then it was at this moment that he knew... He fucked up" DarkWing says** and clawed him in the face

"NOT MY FACE, my beautiful face" WhiteWing said

"Say goodbye to it" NightStar joked after running off to find DarkWing and Blaze

"*Sniff* Goodbye beautiful" WhiteWing continued the joke

* * *

><p>"What did I miss" SilverSky says waking up clearly forgotten what happened

"ONLY ALL OF IT" DarkWing roars Laughing

Remembering what DarkWing did she slowly backs away with her wings as a shield noticing that all the males burst out of laughter

* * *

><p>With DarkWing

"There found it" DarkWing said to himself

He went to get dragon nip to calm NightStar and save his friends, it was still funny to see Flame like that he almost started laughing but was silenced when he got pinned to the ground he opened his eyes and saw

"I got you now" NightStar said

"Please don't kill me" DarkWing

"Nope just gonna claw you until you stop breathing" NightStar joked

"Isn't that the same th- OUCH" He was cut off when a claw hit his chest

he played dead after a few hits

"Oh no I killed him I better leave before anyone sees this" with that said She jumped in the air

"Is she go- AWWWW" He cut himself when all the air in his lungs escaped

Turns out NightStar didn't jump in the air to just fly away but to hit him in the stomach claws first **"I remember that too that was fun" NightStar says scratching her chin thinking with Blaze whispering "She's crazy as shit**

"I heard that too"

"It's only the truth I mean" DarkWing says with NightStar glaring at him

"Don't take the chance" SilverSky whispers to her

"Poor DarkWing" DarkClaw said passing by

"HELP ME DARKCLAW" DarkWing roared and of course he didn't listen why should he

"Your going to pay for thaaaaaaaat" DarkWing muttered **"He sure did" DarkWing says**

"So who's next" NightStar said scratching her chin thinking

"I know something else you can do" DarkWing said trying to keep a straight face **"Heres the best part" DarkWing says barely holding back from exploding from laughter**

"What?" NightStar asked **"Clueless completely clueless" DarkWing says**

"Look theres Flame!" DarkWing said pointing towards the sky **NightStar blushed at this "damn DarkWing you make it look easy, its not everyday you can get NightStar to blush" WhiteWing says**

"It isnt" DarkWing Replies

"Where?" NightStar said trying to find him **"Someone has a crush on Flame" Blaze says**

"Shut up" NightStar replies

"You cant deny it" WhiteWing continues

"Yes i can" NightStar replies

DarkWing took the advantage and threw NightStar into the DragonNip **"GOTEM" by you know who**

DarkWing then took off

* * *

><p>With the males

"Hey theres DarkWing" Blaze said pointing

"Hey guys im back" DarkWing said

"Wheres NightStar" WhiteWing Said looking around

"Sleeping in dragonnip" DarkWing said in a baby voice and putting his claws on the side of his cheek making him looking like hes sleeping on his side

"IM GOING TO KILL YOU!" NightStar roared in her sleep on the other side of the meadow **"Ten outa Ten best sleep talking ever" DarkWing said clapping**

"Nope i dont think thats how she sleeps" WhiteWing simply said

6. Best Day Ever! PART 2

"Wait where is Toothed" DarkWing askes

"THERE HE IS" NightStar shouts

"GET HIM" Blaze shouts chasing him

oh no

"There I got him" SilverSky says as he sits on his back

get off me plz

"You still haven't finished your chapter" SnowFlake says

what yes I di-

"BadBoy" WhiteWing says crossing his arms

fine

so hi guys I'm back

* * *

><p>DarkWing's POV

I listen as I walk and jump across the trees stalking WhiteWing, Flame, and blaze Making no sound, I hear them talk

"Guys who should we prank today" WhiteWing asks the other two not noticing me at all

"Umm" both of them act like they're thinking, waiting for me to pounce

"Target acquired" I thought as I get ready to pounce

"Are you guys listening to me?" WhiteWing asked wondering where they are looking and started to turn to look

I pounce right away

He sees me as his eyes widen knowing he can't dodge that or block

"oh" I hear him mutter

I got him

"Wha-" He asks wondering where I came from and why I pinned him but gets cut off

"Wasup bro" I say in a mocking tone

"Get off me" He says pushing me off

I let him go as I tell the others "Guys I know who we should prank" I tell them

"DarkClaw" I simply continue

"Why" Flame and Blaze say at the same time

"Last week when NightStar tried to kill us he didn't help me" I told WhiteWing started to chuckle a bit "I promised He will pay for that"

"Ohhh" Blaze starts understand what I'm saying

"And I/You never break a promise" WhiteWing and I say in sink

10 Mins Later

"So what is DarkClaw afraid of" I ask unsure of what will scare him

"Things sharper then his claws" Flame just threw it in not caring can about it much and check his claws (See what I did there?, Flame threw it in, FlameThrower jk that would be WordThrower, WordThrow it talks for you 2016 lol)

"A Deadly Nadder attacked me few days ago trying to take my fish" WhiteWing says

"Any Nadder spines?" Blaze asks, He nods

WhiteWing looks at me his eyes obviously saying 'Anything you have?'

"Nope" I reply

He frowns "Darn"

"What" Blaze and Flame say at the same time wondering what we are talking about

"Guys" Flame says everybody looks at him "I can show you my 'Weird Item' collection" He says starting in a normal tone and ending with a whisper

"And?" WhiteWing asks

"I found a bunch sharp things" Flame continues to whisper

"Why are you whispering" I ask him

"I don't want anyone to find it out" He says "Now let's go" he continues as He took off

"Let's go" WhiteWing says going after him

Few Seconds Later

"Here it is" Flame says as he digs a hole

I look down finding

Human weapons

"Uhh where did you get these" I ask getting nervous I don't want any Vikings chasing us

"I got them when we were exploring the islands, cool right?" Flame says as he picks up a battle axe to bite the blade

Wait bite it? Oh shit I quickly grab it away

I take it from his claws in time but his poor jaws hit each other, ouch

"What did you do that for" Flame asks rubbing his chin with his claw (Dragons can't move they're lower jaw)

"This thing is 'Sharp'" I say showing him the blade also spelling the last word so he know what I'm talking about

"Oh" He replies dumbfounded

"You two girls done tickling each other?" WhiteWing says jumping in, I turn around seeing him counting all the weapons

"We got all we need" Flame says

"NEXT UP" I shout

"THE CREEPY LAKE" Blaze Continues

"Wait why there" WhiteWing asks

"Well it's scare him and make him angry" I say smilling evilly

"Let's go" Flame says

2 Hours later

"There done" I say clapping/rubbing my paws

The lake looks like a blood drop with 3 small pieces of land that looks like a claw marks coming from the side and downwards

"Why was this lake so creepy again" WhiteWing asks why this lake isn't normal

"It's not very creepy 'but it is when you add effects'" I replied the last words in a low creepy voice

"Like what?" Blaze asks

"Strange things, Strange sounds, Creepy things, 'Creepy Soouundss'" I reply saying the last words longer

"Also looks like a place that you make a demonic ritual" I continue getting ready to find DarkClaw

"So let's put our plan into action" Blaze says as he reads my mind somehow

"Wait" Flame says as we look at him

'What' we all say in sink

"Gotta spawn a demon" He continues while chuckling

"Oh mighty dragon gods make a beast so powerful that it can control NightFuries and other dragons" he says spreading his arms and pointing to the sky as we all Facepalm

"you think it will work" Flame says Laughing as he joins us walking out of forest to find DarkClaw

"I doubt it" WhiteWing replies with a frown before taking off

1 Hour later No POV

After baiting DarkClaw after an hour they finally got him

now only thing they can do is enjoy the show

DarkClaw walks in wondering where the came from and where it went. He's very confused

He walks towards the lake, stares at the lake for moment, suddenly some blood drips into the water, he lens in to check it and blood drips on his snout, He leans back and snorts trying to get the blood off his nose, He wipes the blood off his snout with his paw, He stares at it for a moment

"What th-" He starts but silenced by more blood dripping on his paw he looks up finding

A dead deer

"Also adding blood too makes it creepy" DarkWing says with a smile

He gasps not knowing this is just a mere prank, He turns to leave but stopped by sharp weapons

3 Seconds later

"AHHHHHHHH" DarkClaw roars/screams as he runs out of the forest

"Let's rub it in his face" WhiteWing says in victory

'Yea' we all shout

2 Seconds later uhh

DarkClaw got out of the forest panting

looking back to the forest, then heard DarkWing laughing, he looks back and sees DarkWing rolling around laughing

DarkWing gets up and says "We got you so good" He still continues to chuckle

DarkClaw looks at the forest then DarkWing then the forest again then DarkWing again then He finally realizes what happened

"You set that prank up?" DarkClaw asks as he sits down

DarkWing nods

"You are sooo in trouble" DarkClaw responds with an angry tone

DarkWing leens back with a mocked look on his face "Hey don't blame me this was they're idea" He says pointing at WhiteWing,Blaze and Flame

"Wait what" WhiteWing says confused as DarkClaw looks at them

"HEY don't blame US" WhiteWing says pointing at himself

DarkClaw turns back to find nothing

"Damn he's good" DarkClaw mutters

"Survival Of The Fittest!" DarkWing roared before disappearing into the clouds (You have read my mind MaximumHn)

"That kid is going to be the death of us" DarkClaw muttered

Uhh 20 Minutes later

"So who did you guys prank today?" SilverSky asked

"DarkClaw" WhiteWing responds

"Why?" Lightning asks

"Personal reasons" DarkWing says acting innocent as NightStar stares at him

"If you pranked DarkClaw you must be in trouble" SnowFlake said Chuckling thinking about the trouble they got themselves in

WhiteWing sighed followed by Blaze and Flame before saying "only us"

'Wha-' all the Females started but cut off by Blaze

"Not Da-DarkWing" Blaze said shutting his eyes and acting like he's hurt and looking away from DarkWing and pointing at him who was standing up with his chest puffed out in victory

"Wait a second" NightStar said and started think "Last week when I was killing you guys" She continued

"Tried" DarkWing corrected

"You promised DarkClaw would pay" NightStar continued

"I didn't do thah" DarkWing said trying to sound innocent

"And if I remember I beat up" she started count with her claws "1 2... 3 of you!" She said as she started to look at blaze who's eyes were widened DarkWing smirked this

NightStar started going towards Blaze who started backing up too until He bumped into something or should I say someone, I should, he stood up on his hind legs trying to get away as far away from NightStar as possible, He felt something breathing heavily on his shoulder he turns and sees

DarkWing with a smug smile

"Hey buddy boy" DarkWing said as He grabbed Blaze's shoulders also his smile got bigger and Blaze's eyes widening even more

"Uhh...DarkWing please don't do this to me" Blaze says as DarkWing tightened his grip

"Give her a hug" DarkWing said pushing Blaze with a serious tone as Blaze shouted 'Nooo!'

Blaze faked a smile as they were face to face "Hiii" he said to make the situation less awkward

Lightning looked at DarkWing with a 'I have to do it' Face (if that's a thing) DarkWing knew what she meant and nodded

Suddenly Lightning pushed NightStar, making NightStar and Blaze touch snout both of their eyes widened and both jumped back

"Alright who did that" NightStar said scratching Her nose

DarkWing and Lightning did a high five because they're plan worked

"Now as I was saying" NightStar started and turned to the Females "Girls would you do me a favor" NightStar continued

"Yea sure" Lightning replied

"Anything for you" SnowFlake replied

"I don't like where this is going" SilverSky replied unsure of what to do

"Help me kill the Males" NightStar said with a smile

"Oh fine" SilverSky said in defeat

"Wait what did we do" WhiteWing and Flame said in sink

"Its fun" NightStar said walking towards them

Thats when DarkWing remmembered something he said a while ago

he spread his wing and push all the Males towards NightStar and

started to fly away

"Wait what DARKWING" Flame roared

"DarkWing your gonna get us killed" WhiteWing roared

"Why what did we do" Blaze said in defeat

"ITS STILL THE SURVIVAL OF THE FITTEST"

4 Hours later

DarkWing was about to go to sleep when he heard something, he turned his head towards the entrance of his cave and saw 4 Shadows, he then realized it was THEM

"Oh no" He said realizing who they were

"I almost forgot about you" NightStar said

Uhhh R.I.P DarkWing

><p>BOOM THE END

7. Those Days

Darkwing

I love my friends, I really do. But sometimes they get to be too much to handle. Especially when they Don't stop _following_ you around when wherever you go and won't stay quiet,

" Lightning!" I snap. This stops her mid word and step. Her Light blue eyes stare back at me in confusion seeming to wonder why I interrupted her. " Please, just.. I have to go do something.. Alone. Why Don't you go find Nightstar?"

" Because she sent me to you." She says now looking down at her paws.

" SliverSky?"

She shakes her head. " Sent me to Nightstar."

"Oh, Well have you tried Snowflake?"

" If no one want me around then I'll just leave." She says a hint of an angry fire in her gentle eyes. She turns away her tail swishing back and forth.

I sigh. I might as well leave her alone for a little while.

I leave to go find one of my alone spots. This one is a pond with small fish that swim in the shallows so that I can watch them. Their too small to eat but their calming to watch.

The snap of a twig catches my attention. I swivel my head in direction, my ears raised as they try to pinpoint where the sound is coming from. I stand up looking in the direction before quietly climbing a tree. After years of practice I'm an expert at walking and jumping along the branches as light as a bird.

In less than a minute I spot the owner of the noise. It's Lightning once again. I let out a guilty sigh before delicately landing on the ground. Lightning didn't seem that she was moving. Maybe she was sleeping. I walk around so that i'm in front of her. I can see her surprise in her eyes before they return to a blank stare.

" What?" She asks.

" Well, I was. I just- umâ€¦ Hi,"

" Hi," she responds not moving.

" Soâ€¦. What's up?" I ask awkwardly while sitting down.

" Oh nothing. Just the fact that everyone has decided that today they hate me." She says staring with a sweet tone that continuously turned dark.

" No one hates you, we are just having one of those days. What are they doing anyway?"

" Silversky is working on making something. It's something stupid like a bridge for the squirrels to use to cross the river. She got mad at me as I was talking to her and yelled at me telling me to bother Nightstarâ€¦ Nightstar just got mad at me because, well I don't know why. And then you. I guess I should know better than to bother you when you want your alone time. And I'm not going to go to Flame or Blaze because there playing in the mud again," She says with a frown while giving me a glance. I just give a guilty smile.

" Well then why don't we go find Whitewing and then we can go do a prank on Blaze and flame." I answer with a smile.

" Well I don't want to be mean. Or dirty. I don't want to get dirty," She says, while her eyes tell another story.

A few minutes later I was once again listening to Lightning's character before she abruptly stopped to look at me a confused look.

" What?" I ask looking at myself. Was there something on me? What did I do?

" Do you like Blaze?"

I stop giving her a weird look. " Umm, what do you mean?"

" As a dragon, A friend?"

" Well, he's nice. Good freind. Fun to play pranks with. He actuly comes up with quite a few smart ideas himself, I can't take all the credit" â€¦.Fun to play pranks on..

" I like him too,"

I frown, " I thought we all liked each other. We're all friends right?" I ask starting to get slightly concerned. Does someone not like me? Who?

" Boys," Lightning says in a disapproving voice as she shook her head before running ahead.

I stop. What was she talking about? Whats wrong with being a boy? Did I do something wrong? Was there something is misunderstood in the conversation? Does she think I don't like some of our friends?

" Wait Lightning! What do you mean,"

An Hour latter

We all stare in dismay as our prank takes a turn for the worse. Rather than the wave of mud going for Blaze and Flame, It is instead going the wrong way and going towards the older dragons.

" Crud,"

" Have fun cleaning it up," I say quickly before slipping into the trees.

Lightning turns to look at me but seeing only the grass that I was sitting on.

" Darkwing you're going to get ME in trouble."

She grimaces at the sound of many outraged adults.

" Survival of the fittest!" I yell before disappearing into the trees.

* * *

><p>Blaze

" What in Thor's name was that?" Flame says staring at the angry group of muddy adults.

" I don't know. But there covered in mud and we're the ones closest to the mudslide. But if we run away then we'll seem suspicious. But if we don't I'm sure we'll be eaten alive"

" Yeah well. I'll run and look guilty while you get eaten alive," Flame says just as he leaps into the air.

" Wait Flame you can't leave me here alon-" I stop and turn towards the presence in front of me that was trying to burn holes into my scales.

Apparently the adults weren't the only ones down there. " Oh, uh hi Nightstar," I say nervously.

" What did you do?" She asks in a clear 'im going to kill you if you don't answer right' look

" It wasn't me, I swear on My tail I didn't do it. Me and Flame where just-"

" Oh so who did it? Silversky? Lightning? Darkwing? Well never mind it was probably him and Whitewing," She says turning away to look at the trees.

I look too and see another now brown adult talking to another dragonette. And the conversation was not in their favor. I squint my eyes to see that the one being scorned was Lightning. Why was she up here?

Whitewing

I jump from the tree branch to another. On a role I stretch out my claws for the next but they just slip off the bark causing me to ram into it before falling to the ground in a tangle of wings.

I sit up and shake the leaves off of my pure scales. Why couldn't I get it? Sure I can jump from branch to branch like Darkwing, but how did he manage to be so silent in the trees while moving so fast? Hopefully one day he'll show me the secret. But for now I'll have to do it myself.

**Flame **

Sorry brother but, I saw who was down there, and I wasn't going to take that doesnt take long before I find Darkwing through the break of the leaves in the tree canopy as he runs.

" Hey Darkwing!" I dive down towards him and break through the trees. " Darkwing, where-... Darkwing?" I look around.

" He was just in front of me," I say to myself glancing around. Was I seeing things?

" Flame you should know better than to just sneak up on me." Darkwing says walking up from behind.

" What? I wasn't sneaking. I was just flying and I saw you,"

" Huh," is his only response.

" What were you doing anyway?"

Darkwing gives me a sly/guilty smile. " Oh, You know. Just out runningâ€¦."

" Running? Why would-" Then it dawns on me," You're the one who made that mud slide. Why on earth would you do that?"

" Hey, It was Lightning's fault that it went off course. She must have moved something when I was making it. And it was aimed for you not them."

" Oh cause that makes it so much better." I say while cuffing his ears. " And how do you 'set up' a mudslide?"

" Why now wouldn't you like to know," He says with a signature smirk. I shake my head.

" Sometimes I wonder whats wrong with you," I mutter.

" Me too,"
